

## Authorized Installer Agreement

\_\_\_\_\_ (Authorized InvisaBLOCK Dealer) agrees to perform stain removal at Dealer's cost. This is to protect the customer from installer error. A minimum of three (3) service calls is required. If Dealer does not have a poultice to remove stain, InvisaBLOCK will provide one to the authorized installer at no charge.

If the authorized installer cannot remove the stain, they must notify InvisaBLOCK in writing. As in our Warranty Disclaimer, we reserve the right to send an independent service technician to perform the stain removal process. This is not a guarantee the stain can be removed.

Once it has been verified that there has been a product failure, InvisaBLOCK will authorize the replacement of the damaged area. InvisaBLOCK will pay for stone slab replacement from the slab distributor and pay for the fabrication @ \$18.00 per sq. ft. to cut and fabricate plus \$3.00 per sq.ft. to install countertop.

Please refer to InvisaBLOCK's Warranty Disclaimer for additional information.
